EXPERIENCE

Front-end Developer, Mastery Coding

Century City, CA - July 2018 - September 2019

- Ensured that React components operated upon GraphQL mutations and queries when making requests to the backend.
- Worked closely with the lead UX Designer to deliver wireframes to all members of the engineering department with Sketch and Zeplin.
- Employed the Styled Components package to create modular and scalable component systems in React.
- Performed end-to-end testing on React components with Storybook and its Knobs addon.

Front-end Developer, CSUN META+Lab

Northridge, CA — August 2017 - December 2017

- Designed and created websites and mobile applications using HTML, CSS, JavaScript.
- Prepared in depth prototypes for mobile applications using Adobe XD.

Designer/Builder, Bishop Alemany High School Robotics Team

Mission Hills, CA — 2009-2013

I joined the robotics club at Bishop Alemany High School and we took part in the FRC Robotics Competition, where students are given the task to build a robot in only six weeks.

Projects worked on:

- A client facing web application that teachers and students used to study code based learning curriculum.
- Internal tools used by educators and developers to display their content to customers.
- Other projects can be found at: <https://github.com/bcanedo4>

EDUCATION

California State University of Northridge

Graduate --- 2013 Fall - 2018 Spring
Computer Science Major
GPA — 3.37

Bishop Alemany High School

High School Diploma — 2009-2013

SKILLS

- HTML, CSS, JavaScript
- React
- React with Apollo
- GraphQL
- Sketch
- Invision

FAMILIAR WITH

- JIRA
- Zeplin
